BOOK SYNOPSIS

This edition features the exact same content as the traditional book in a convenient, three-hole-punched, loose-leaf version. Books a la Carte also offer a great value for your students—this format costs 35% less than a new textbook. Designed to prepare students for health-related careers, General, Organic, and Biological Chemistry: Structures of Life breaks chemical concepts down into manageable pieces and offers a step-by-step approach that clarifies student understanding. Timberlakes friendly writing style, student focus, strong problems, and engaging, health-related applications make this book a best seller among its peers. The Fourth Edition emphasizes connections between chemistry and students future careers — and develops the problem-solving skills students need beyond the classroom. Each chapter now includes NEW chapter-opening Career Interviews and Career Focus features to illustrate the role chemistry plays in modern, health-related professions. A new Analyze the Problem feature furthers critical-thinking skills by showing students how to break down a word problem into the components needed to solve that problem. This package contains: Books a la Carte for General, Organic, and Biological Chemistry: Structures of Life , Fourth Edition
